

Julia's DAZZLE

ROSE
2019

"Aromas of raspberry, cherry and wild strawberry essence, a pleasing mineral focus and soft waxy leaf notion. Medium-bodied, the wine is lifted with pleasing and poised acidity that balances the structure before lingering with subtle spice tones in a mineral-laced finish. It's delicious and food-friendly, and it beckons me to finish the glass."

"The bouquet is extraordinary, showing kumquat zest and red cherry candy tones that collide with shades of wild mushroom, cran-pomegranate and pink grapefruit blossom that all take shape in the glass. The combination of freshness, texture and tension is absolutely outstanding."
